

STARTING IN SEPTEMBER: CHANGES AHEAD AT KSTS

CHARLES M. SCHULZ – SONOMA COUNTY AIRPORT

MORE INFO AT: www.stsrunwayproject.org

PHASE ONE: Starting around September 30th 2013 and continuing until around November 1st, 2013 pilots operating at Santa Rosa, CA (KSTS) can expect the following:

- Closure of Runway 1-19
- Closure of Taxiway B west of Runway 14-32
- Closure of Taxiway D west of the Gun Club
- Several nights (~15) where all runways will be closed (from approx. 10PM to 6AM local time)

Reminders and suggestions:

- **Remember to check NOTAMS and READBACK all FAA and ATCT instructions!**
- When operating from the west side (e.g. EAA area) it is recommended that you contact ground before taxi since Taxiway A will see increased traffic (airplanes inbound / outbound, etc.)
- The runway hold short line (currently positioned to hold short of Runway 1-19) will remain as the Runway 14-32 hold short line!

REMEMBER TO CHECK NOTAMS!
